We Value The Most Invaluable Resource - Our Teachers

Our teaching faculty at PESITM is essential to the learning experience of all students. Almost all of the teachers live on the campus and all teachers, in and out of the classroom, are actively involved in the co-curricular education offered to each and every one. Every teacher is assigned as a mentor for about 20 students. Academic, pastoral and full guidance are all part of the tutors' role and students benefit immensely from this relationship. Outings with tutors to explore the Pesitm and midterm expeditions strengthen the bonds between the students and their teachers.

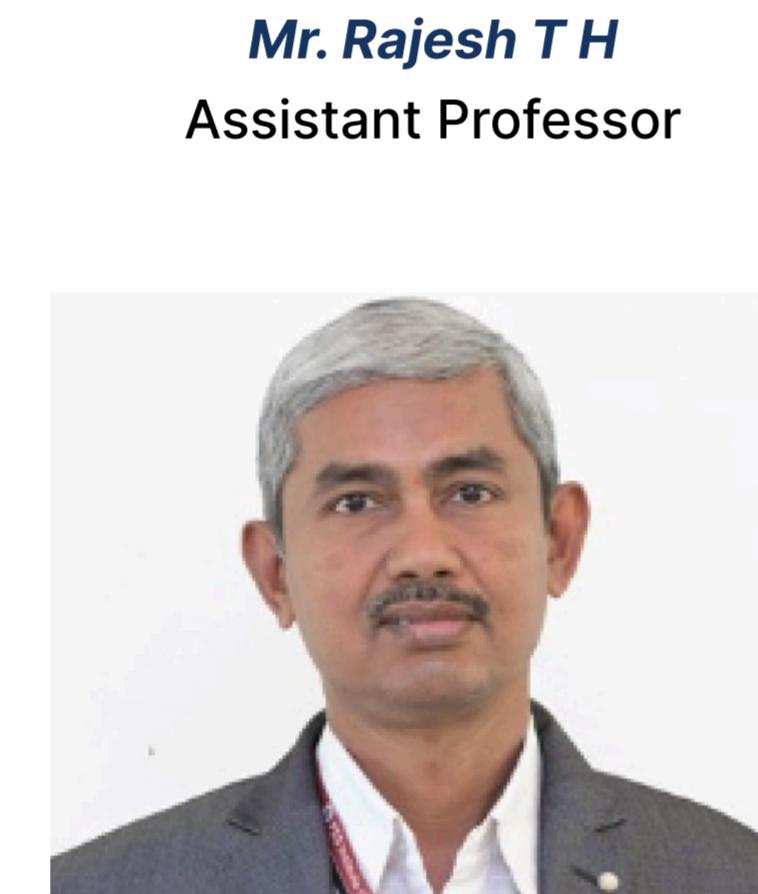

The college has an ongoing teacher training and staff inset program organized by the Teachers' Centre, in conjunction with the academic deputies and the HOD. In 2011, the college began a whole staff teacher training program with the Institute of Education, part of the VTU.

At PESITM, we value our teachers. They, in turn, not only teach the curriculum, but also inculcate an enthusiasm for learning and critical thinking.

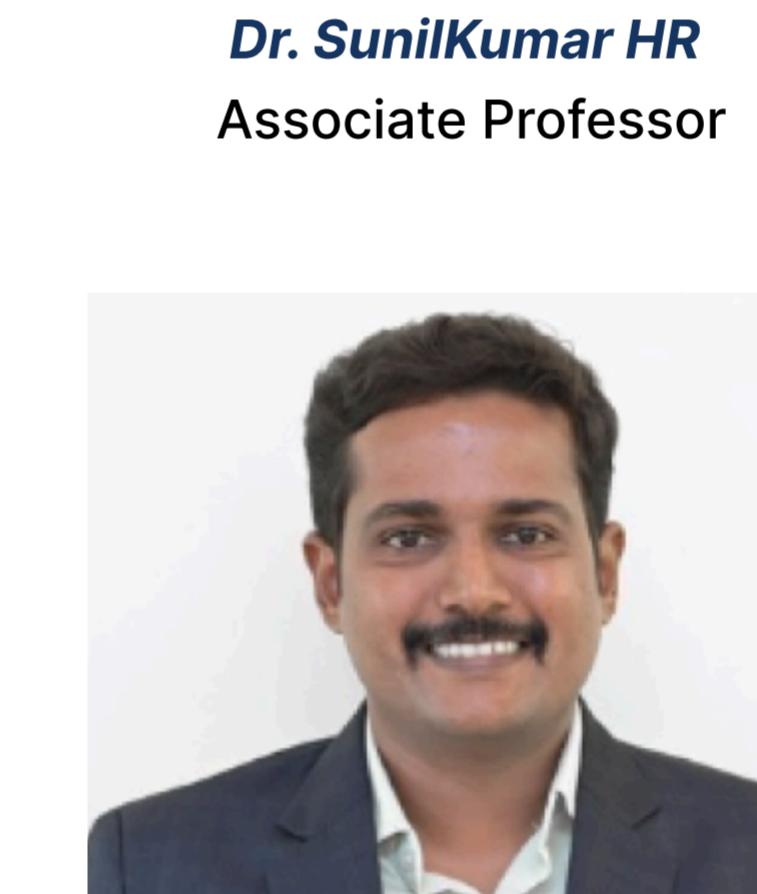

Computer Science and Engineering

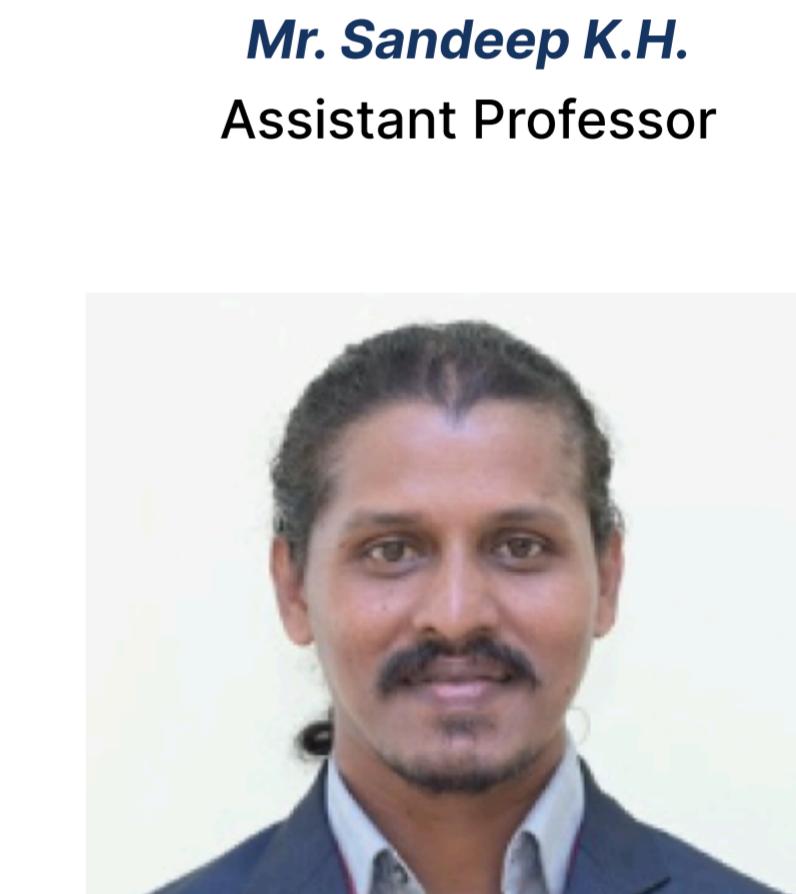

Dr Prasanna Kumar HR
Professor and Head

Dr Manu AP
Professor

Dr. Chethan L S
Professor

Mr. Raghavendra K
Assistant Professor

Mrs. Prathibha S
Assistant Professor

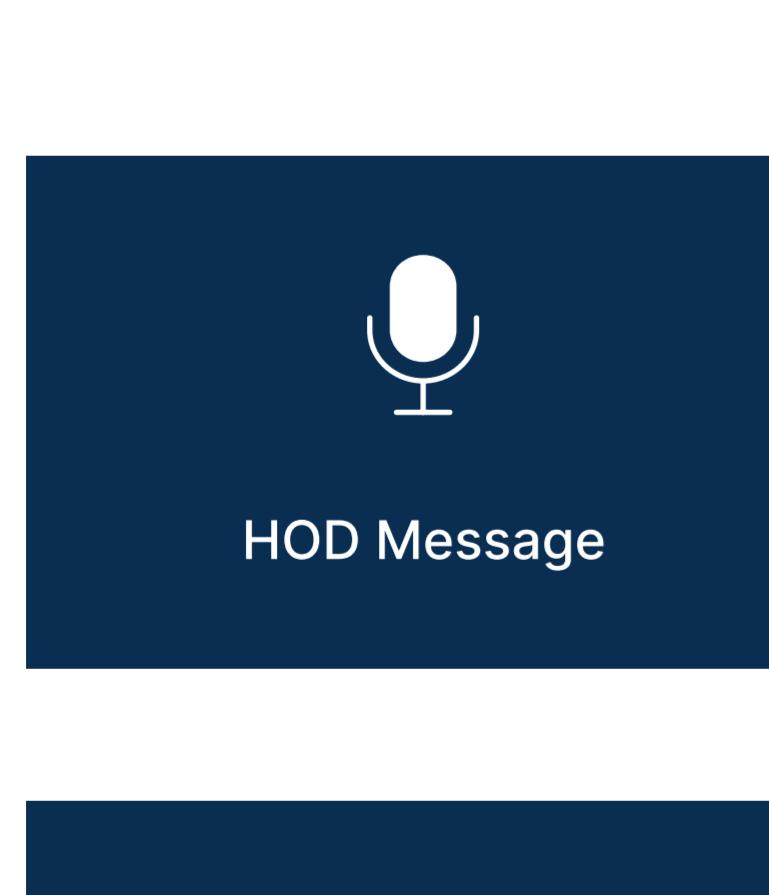

Mr. Rajesh T H
Assistant Professor

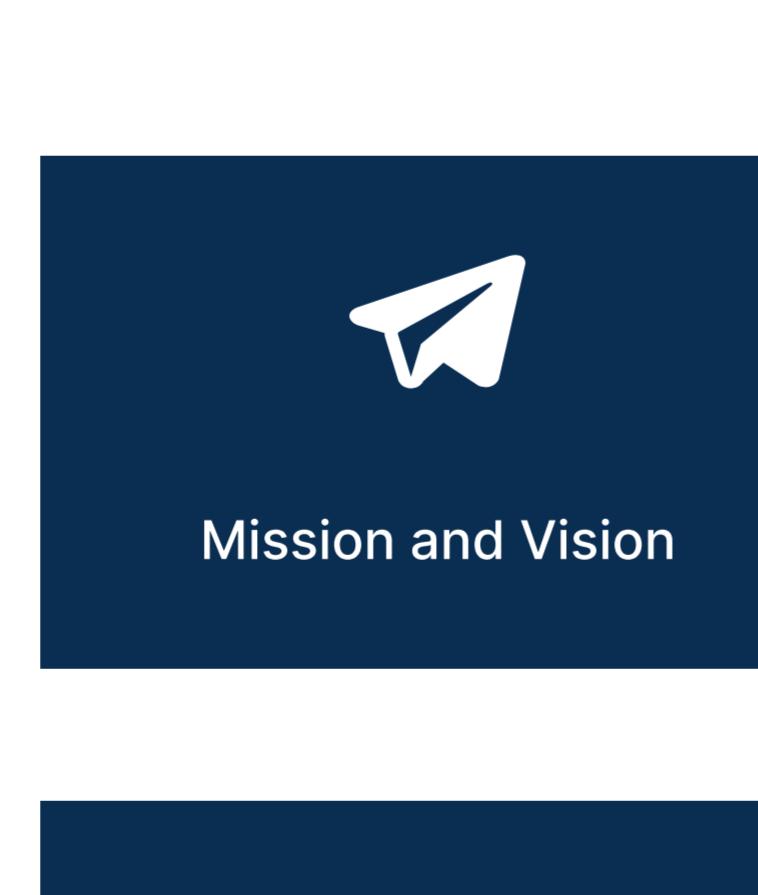

Dr. SunilKumar HR
Associate Professor

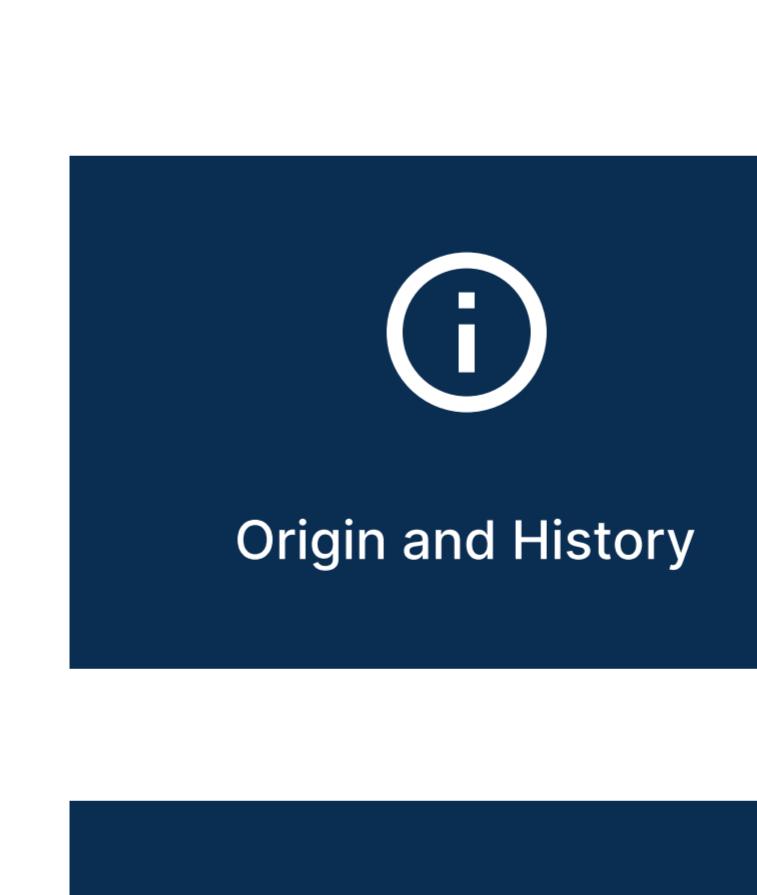

Mr. Sandeep K.H.
Assistant Professor
